

Sercel-GRC is committed to operational excellence through an openness in communication, integrity in serving our customers, fairness and concern for our employees and suppliers, and being responsible to the communities in which we work. Our vision is to exceed customer expectations in the quality, reliability, and delivery of the products and services we provide. We are dedicated to continually improve our processes, policies and performance through a focused application of standards and improvement techniques. The involvement of our employees, who take pride in our culture and customer relationships, provide the critical framework necessary for us to succeed in each of these areas.

The Sercel-GRC Quality Policy can be achieved by focusing on three key phrases:

1. Customer Expectations,
2. Continuous Improvement, and
3. Employee Involvement
